# JOURNEY TO SUCCESS

Stories!

“ A boy from the hinterlands of Jharkhand”

— Aakash, Mechanical Engineering
Entry Batch 2014, BIT Sindri

# INTRODUCTION

## My family

I have a strong supporting Mother with a caring father and one sister.

## My schooling

1. I did matriculation from S.S.N.M.S.SCHOOL SIJUA with 74.6% marks in JAC Board
2. I did intermediate from S.S.N.M.INTER College TATA SIJUA with 65.4% in JAC board

## My challenges in early life

1. I did not get any guidance as no one in my is family literate so I had joined B.Sc course after 12$^{th}$.
2. There I came to know about B.tech course and then I prepared for JCECE simultaneously in my 1$^{st}$ year of B.Sc.

# About Aakash

## College highlights

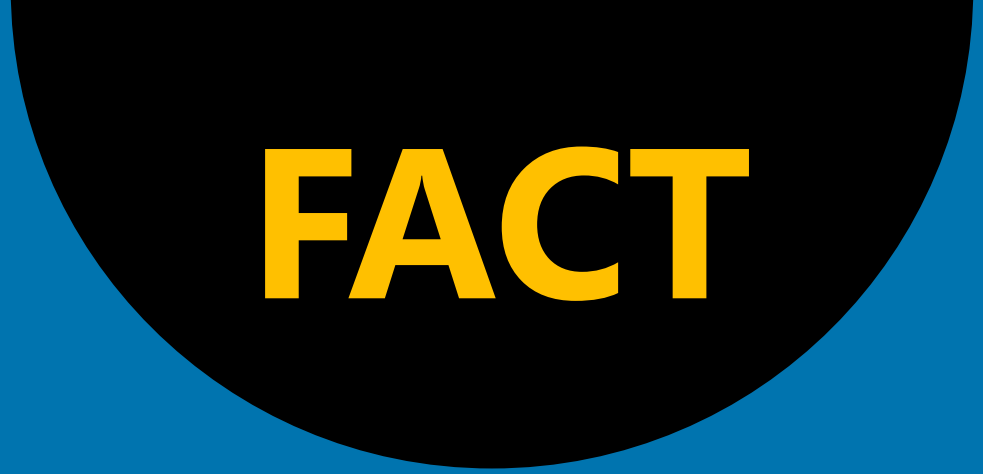
Birthday celebration almost every night in hostel, slamming the B'day boy with belt and PARTYYYY

## “My friends said”

Friends often taunted me "What an American English you speak." This inspired me to improve my english conversation.

## “My teachers/tutors/others said”

Being a Hindi medium candidate I studied semesters in English and I rank 22$^{nd}$ position in my branch



# Financial facts about my situation

My father is an auto-driver and we don’t have any paternal property. We live in rent and it's only because of less college fee in BIT that I could continue my higher studies. Laptop was not even in my dreams. In extreme emergency I used to borrow it from my friends.

# 1

# How I use LAPTOP

Laptop is of great need to B.tech student, specially Mech. Engg. as we need to prepare for GATE exam.

We had to give mock tests almost everyday.

College projects and presentations needs aid of Laptop.

Now I could even plan for higher studies like M.tech with the basic support of laptop.

# 2

## I managed to get the financing

I got to know about ANANT PRAYAAS scheme in college which created the dream to get a laptop.

Initially when I talked to my parents regarding this process, they refused. But when they came to know that I will have to **pay back only after I get a job**, then they jubilantly supported and appreciated.

# 3

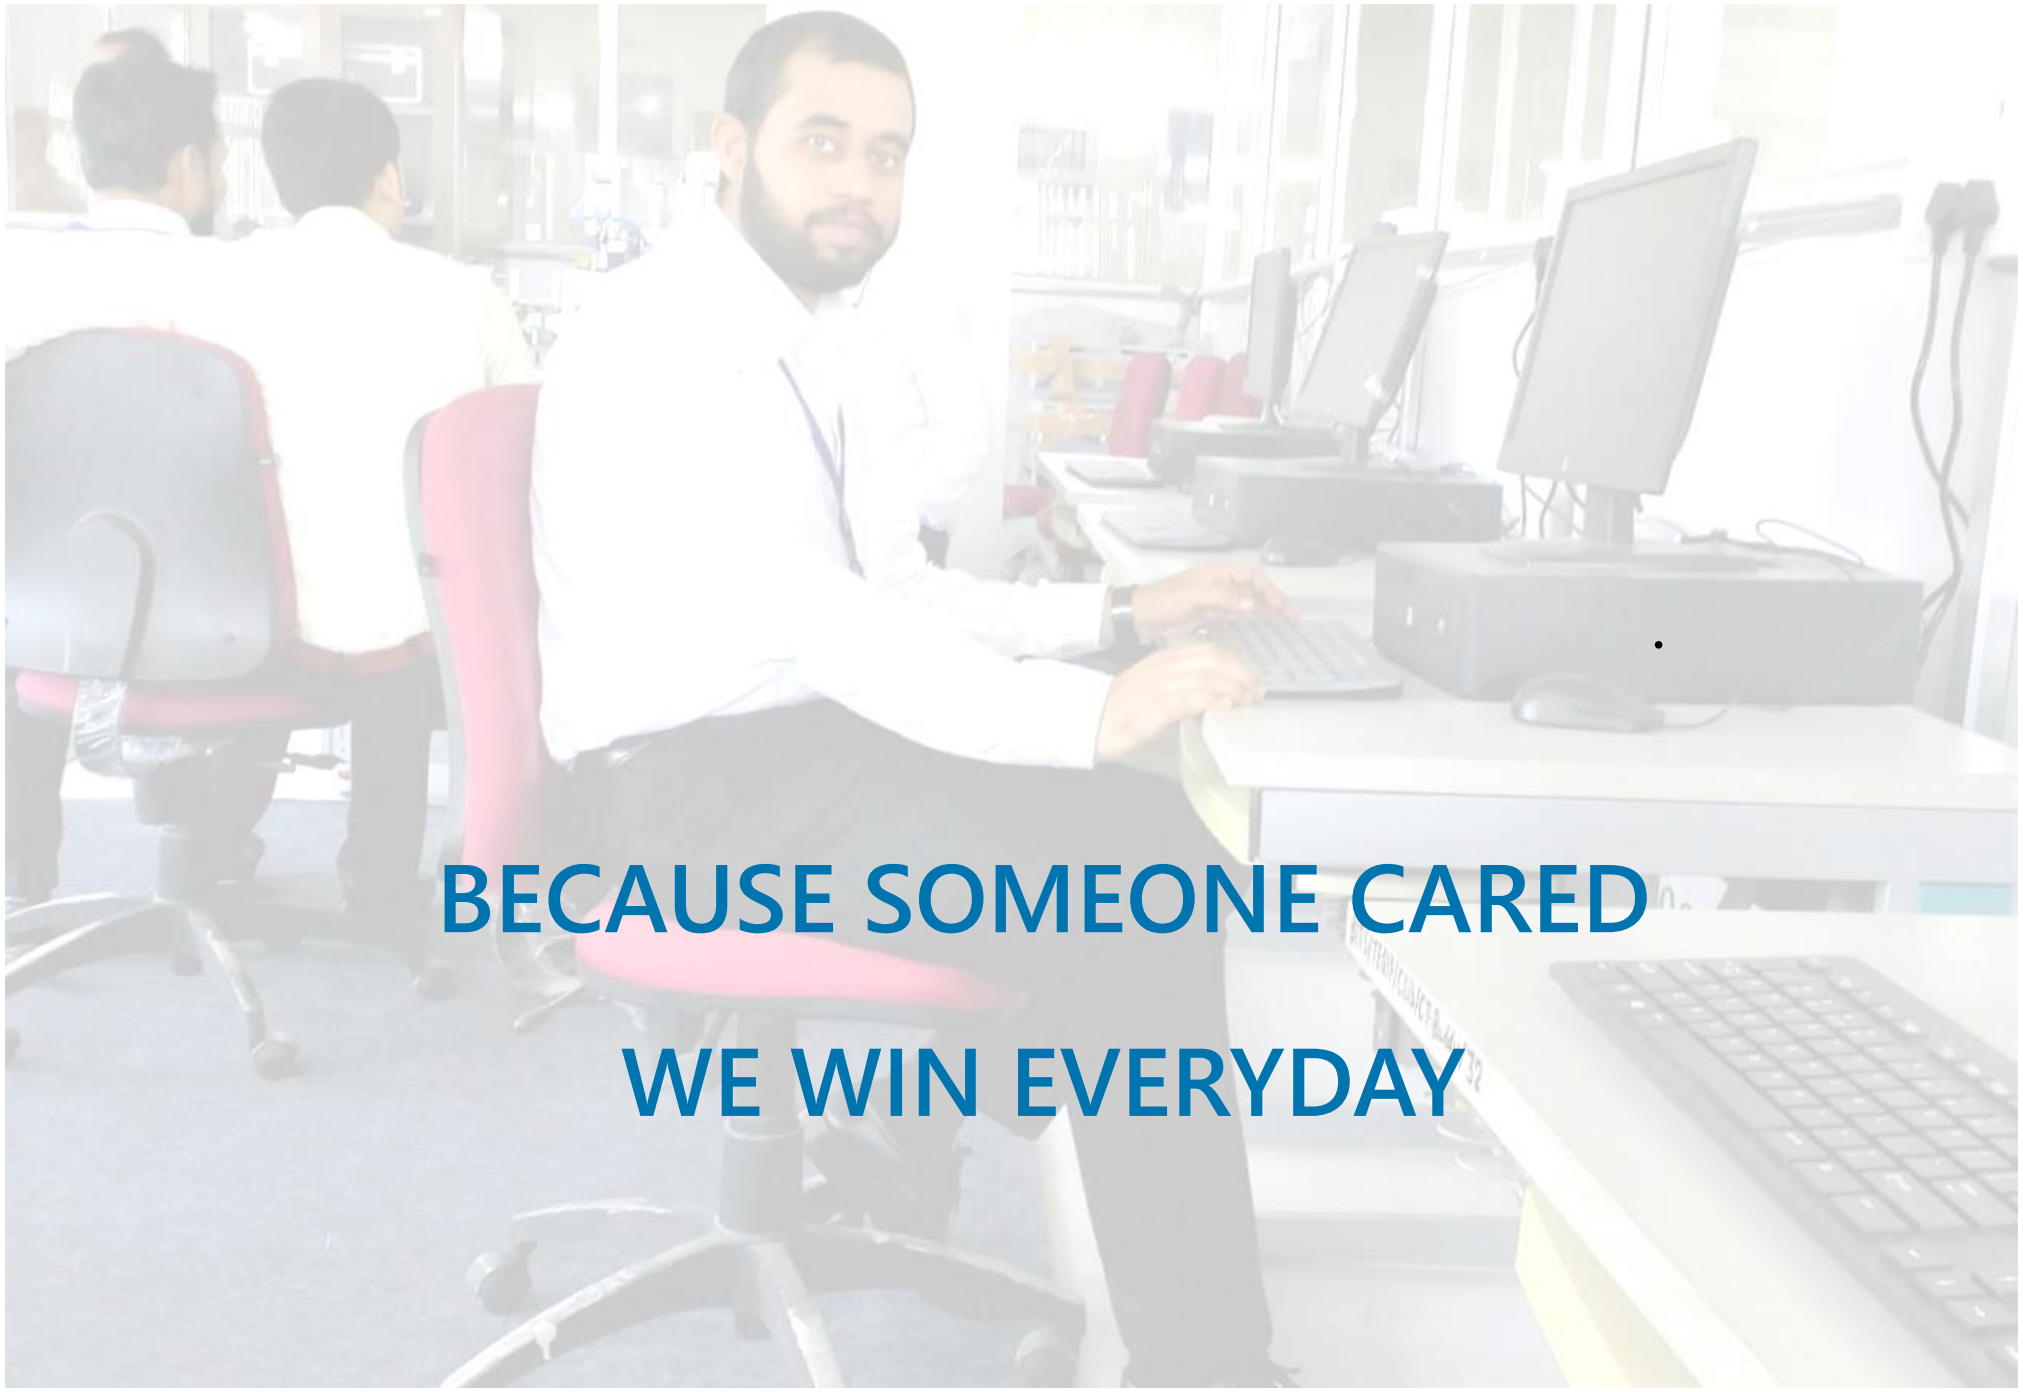
# A more confident student

# 4

# How I plan to repay

By God's grace I have got placed in VEDIKA CREDIT CAPITAL Ltd. With a good package, thus I can start paying back this humble debt from my first month, this July itself.

This is my great fortune to have such Alumni like Aaloka sir and R.K.Choudhary sir who took this pious initiative to help poor students like me to get my dream Laptop. I heartily thank and hope that more needy students will grab this opportunity so that this scheme can actually be ANANT.



BECAUSE SOMEONE CARED
WE WIN EVERYDAY

# THANK YOU
