# JOURNEY TO SUCCESS

Stories!

“ I am Shubham Gupta, pursuing Computer Science & Engineering from BIT Sindri, belong to Dhanbad, Jharkhand.”

— My short story

# INTRODUCTION

## My family

I have a strong supporting Mother who is working very hard in her business. She is my inspiration. I have a caring father and one sibling.

## My schooling

I have completed my matriculation & my senior secondary examination from DAV Public School, Kusunda with 10 CGPA and 92% respectively. I was the 2nd & 3rd topper of Jharkhand in 12th National cyber Olympiad and 5th International Mathematics Olympiad respectively.

## What challenges or fun you had in early life/before college?

Unstable family financial problem.

# About Subham

## College stats

I am a average student in BIT Sindri, maintaining 8.01 as the overall CGPA. I am placed in TCS as Assistant System Engineer.

## “My friends said”

As I am inducted in Model Club- The techno-management club of BIT Sindri, so I am always busy with my club works, always going here and there. That’s why friend named me-”FLYING”, and many more name related to bird.

## “My teachers/tutors/others said”

Always an ideal, discipline, leader and good student in the eyes of teachers

# FACT

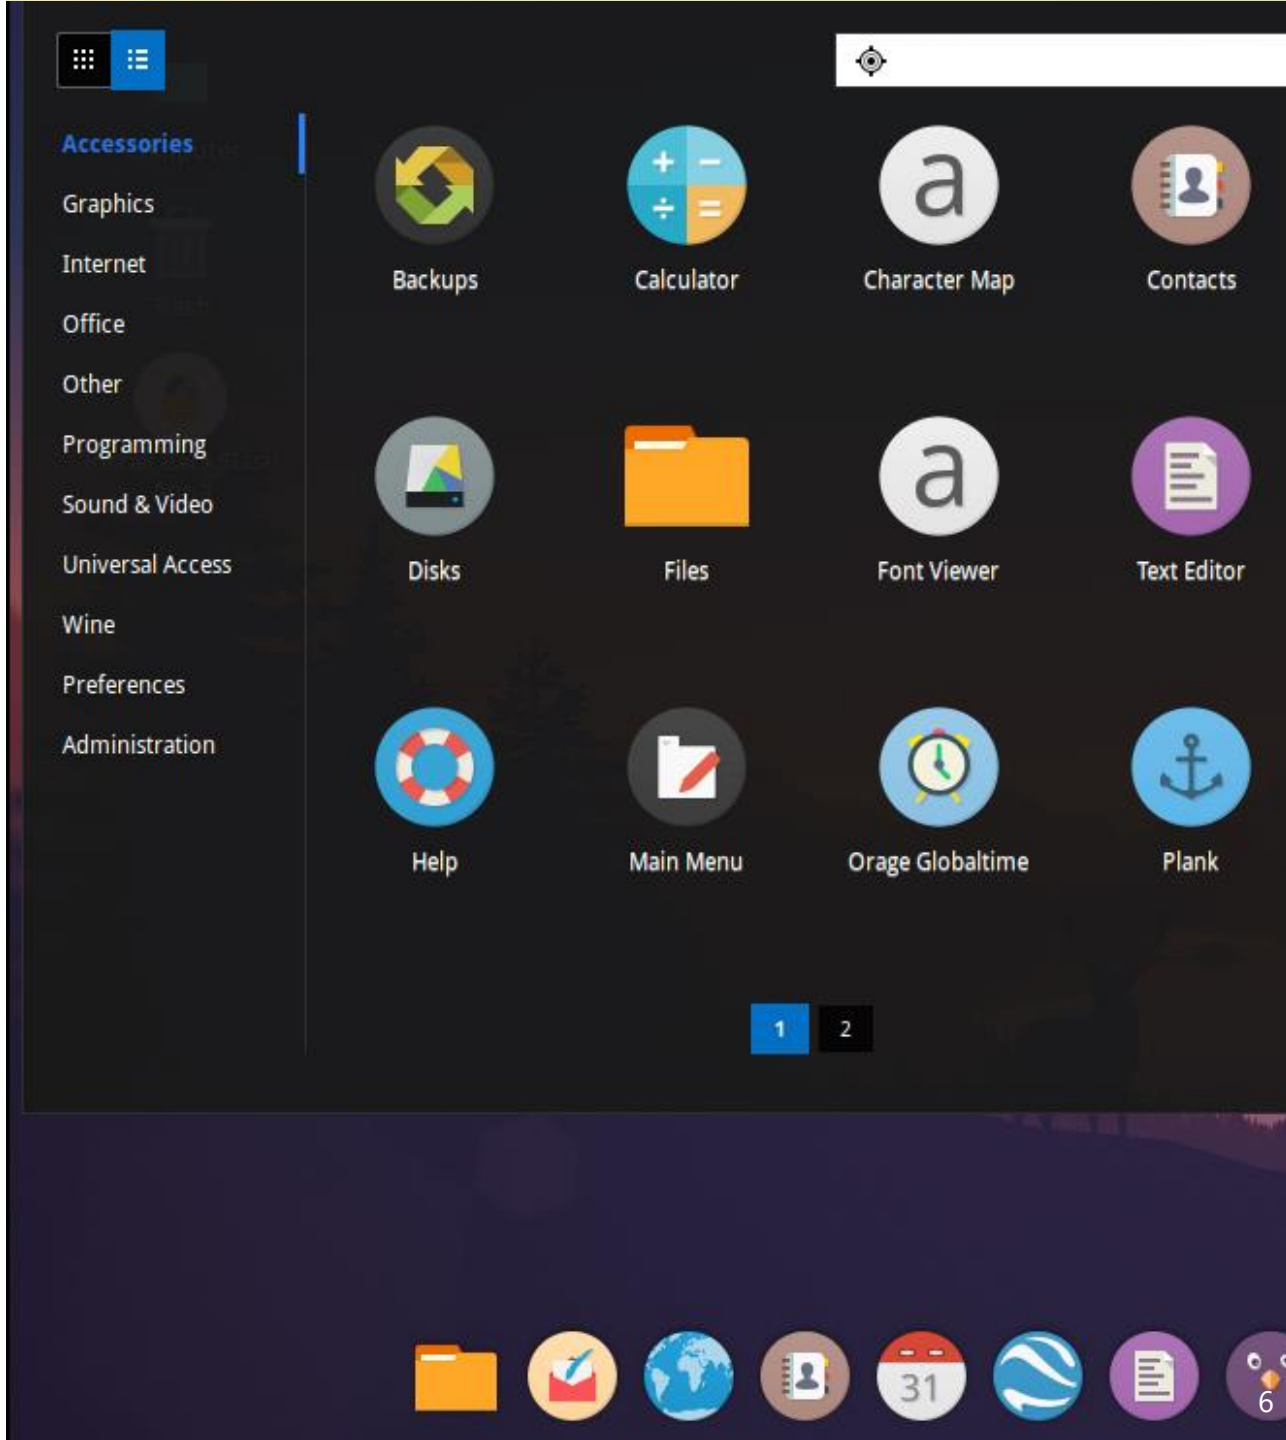
My case was different, I am a computer science student. I already had a laptop but that laptop didn't support Linux Operating System and many other essential software. As my father is unemployed, our only source of income is from my mother's small ladies matching centre where she works as a tailor. I have also taken loan from Jharkhand Gramin Bank for my college fees. So, Anant Prayas helped me to reduce the burden of getting new laptop.

# 1

# What is the one best benefit which you see from usage of LAPTOP

**Currently, I am using my new laptop to run many software like Adobe After effects, Linux OS, Sony Vegas and many more.**

**I also used the laptop in the preparation of Gate Exam. I scored 35.33 marks in GATE 2019. Again, I want to prepare for the next year.**



# 2

## How you managed to get the financing

**One of my senior forwarded a message in whatsapp that an organization- ANANT PRAYAS is distributing the laptop to the needy one. After getting this message I filled the required form as per my need and after few days my application was approved. And finally, I got my upgraded laptop.**

# Used for the gate preparation

# 4

## How do you want to re-pay to your college

My aim is to join PSUs and later on prepare for UPSC. And wanted to help many needy students who are unable to buy laptops and can’t afford the college fees.

BECAUSE SOMEONE CARED
WE WIN EVERYDAY
