“ A boy from the hinterlands of Jharkhand"

— Shubham Pandit
Mechanical Engg. , BIT Sindri
Batch - 2015-19

INTRODUCTION

My family

I have a strong supporting Mother with a caring father and two siblings.

My schooling

1. I completed my 10th from BNS DAV Public School with 9.8 CGPA & 12th from the same School with 83.2%.
2. In my school days I used to conduct Hawan, pledge.
3. I played badminton, cricket during my school days.

My challenges

1. **I faced difficulty regarding career guidance prior to College, so looking at the craze and respect in Society for engineering degree I decided to go for this degree.**
2. **But now, joining BIT I think my decision was right.**

PREPARE

College highlights

Gossiping with friend whole night, cracking jokes on one another, Group study one day before the exam, birthday celebration and group dancing

“My friends said”

My friends often call me "chatur" sarcastically (3-idiot movie) because they blame that I studied everything for exams but reality is different.

“My teachers/tutors/others said”

During my 2nd semester I bagged 3rd position in my branch and the professors appreciated me which gave me confidence to do my best.

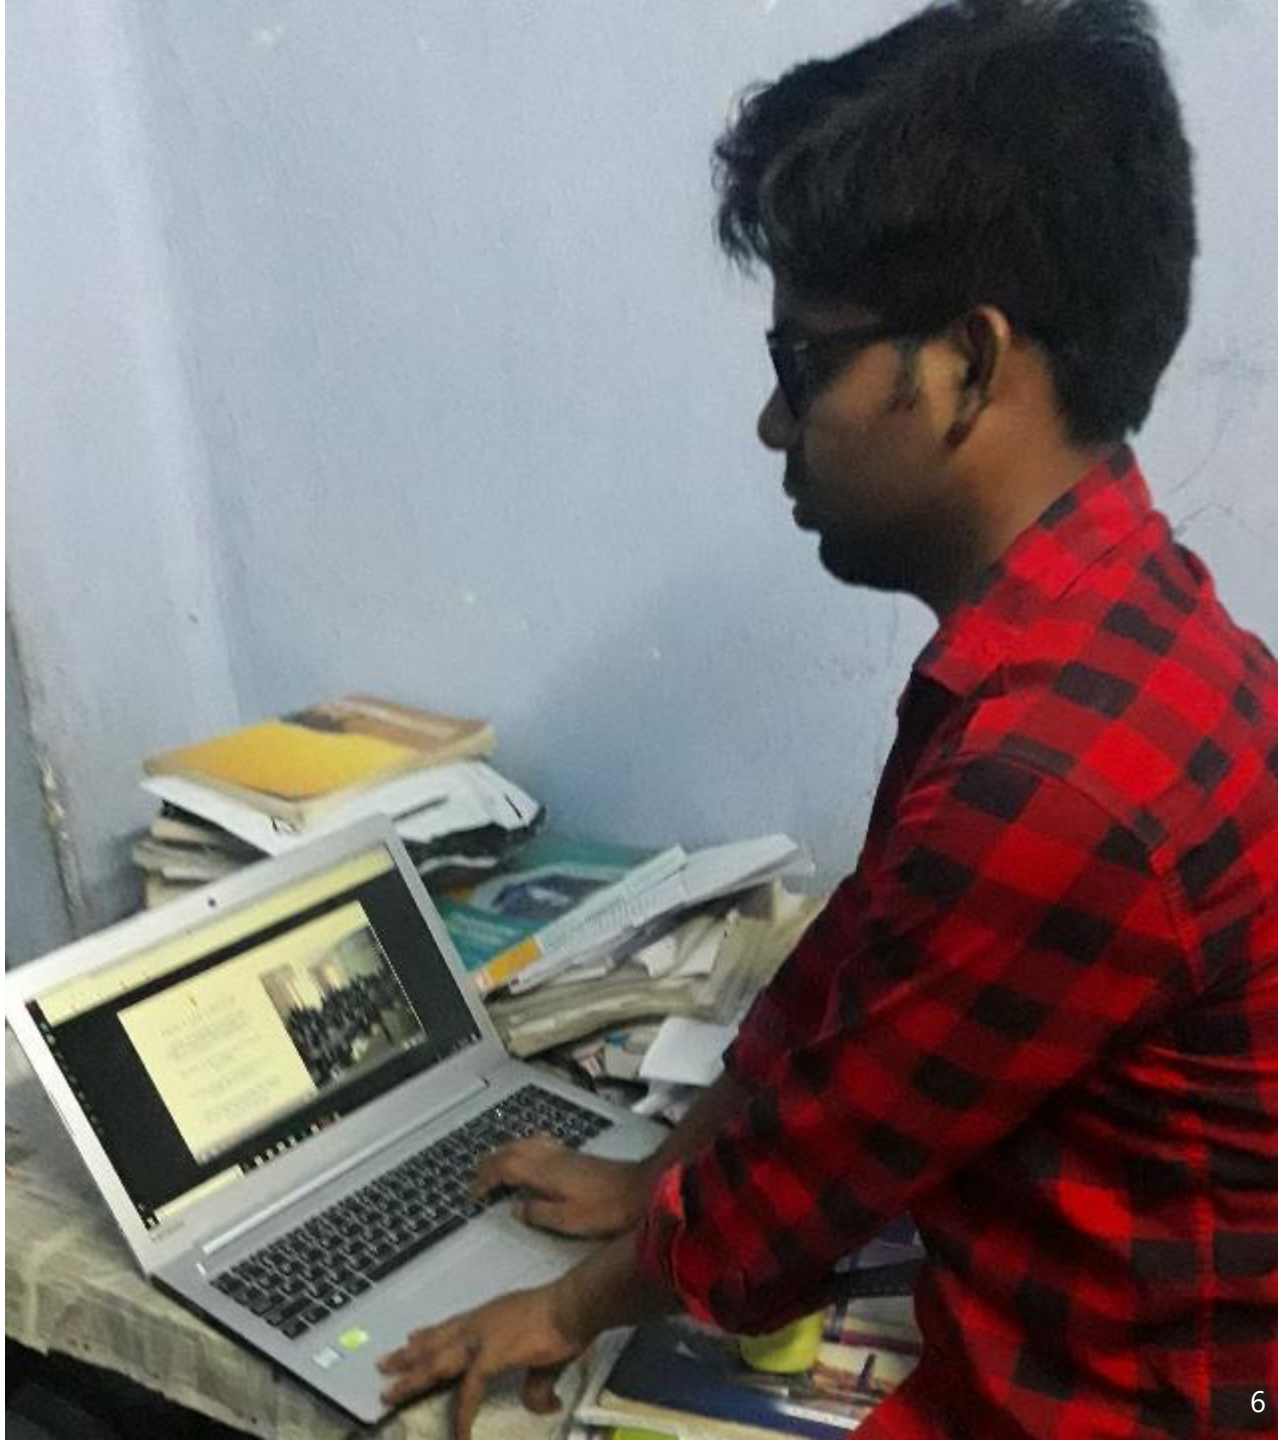
FACT

Financial facts about my situation and difficulties in buying a laptop.

My family income is not sufficient to buy a laptop which is a must for an engineering students now a days. We live in a joint family and my father has the responsibility to look after them so it was not easy for me to have my own laptop.

Benefits of LAPTOP

1. It helped me to take online test series for gate exam.
2. It helped in my projects, ppt, online lectures.
3. It will help me to crack upsc exams.



How i managed to get the financing for laptop

I came across a post on Fb about the laptop financing scheme sponsored by Anant prayas. I registered myself & fortunately selected. When I talked about this to my father he was happy.

A more confident student

4

My future plans

By God's grace I got placed at Minex Metallurgical co. Ltd. And will repay within 1 -1.5 year.

My Strong request to all our alumni to come forward and contribute to this noble cause so that more needy student will get benefit.
