JOURNEY TO SUCCESS

Stories!

“ A boy from the hinterlands of Jharkhand, born in a royal family, royal from mind but not by finance even paying fee for my study is difficult, not saying impossible because I know nothing in the universe is impossible so, I decided to work in part time and started paying fee. Then I did my school and high school. Then fortunately I selected in BIT Sindri, a prestigious college where Alumni support their juniors as on required in every field of success”

BIT Sindri
2015-2019

INTRODUCTION

My family

I have a strong supporting Mother with a caring father, three sisters and respected maternal grandfather and grandmother.

My schooling

I did my matriculate from Saraswati Shishu Vidya Mandir, Barganda giridih, achieved 10 CGPA, participated in English quiz and got 1st prize and 3rd prize in sankul level & prant level respectivey. Participated in science quiz and got 3rd prize.

I did Intermediate from DAV CCL giridih and got 90%. Here I participated in math Olympiad and got experience.

What challenges or fun you had in early life/before college?

A small challenge that I faced in 5th class when my maternal grandfather has got an accident and has cracked bones. As my father has a small business ,very difficult to pay school fee for him so I started distributing newspaper door to door in part time and completed my school. Because for my father, I don’t want to be weakness but be his strength.

PREPARE

Build your story first, then define which layouts and graphics will best help visualize each slide's message

College stats

FOYc is first very enjoyable event in my life. I participated in drama where I played a role of Ninja. I get many supporting and true friends. Culturul and technical fest in college is memorable.

"My friends said"

As I played a role of ninja in FOYc, so they started calling me 'ninja', before FOYc one of my friend called me movieman in first year, because consequently in one week I watched all movie based on biography. Later on name changed to 'padhaku' because I was focused on gate.

"My teachers/tutors/others said"

When I solved questions very fast in mathematics class then teacher told okay I know you solved but let me take answer of other boys.

FACT

Financial facts about your situation and difficulties in you for buying a laptop.

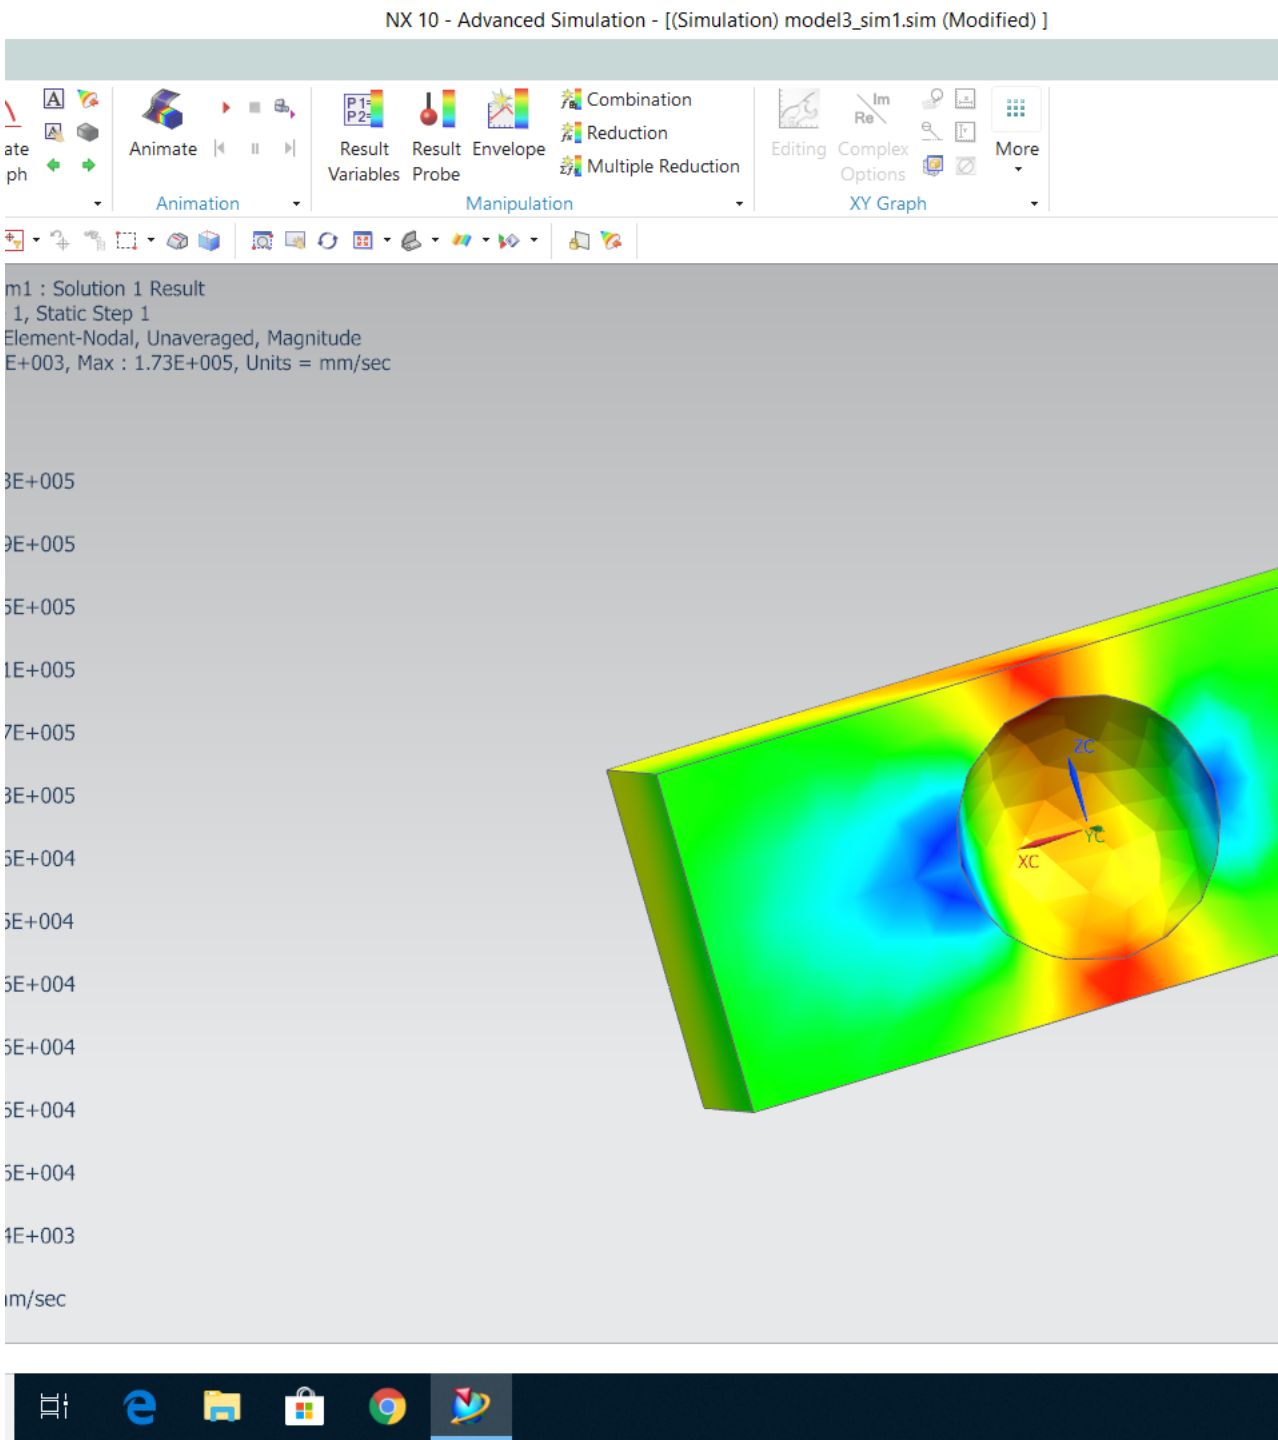
For a boy(me) who had to work part time to pay school fees and give some hand financially to his father, after joining college i lost all my work (source of money)

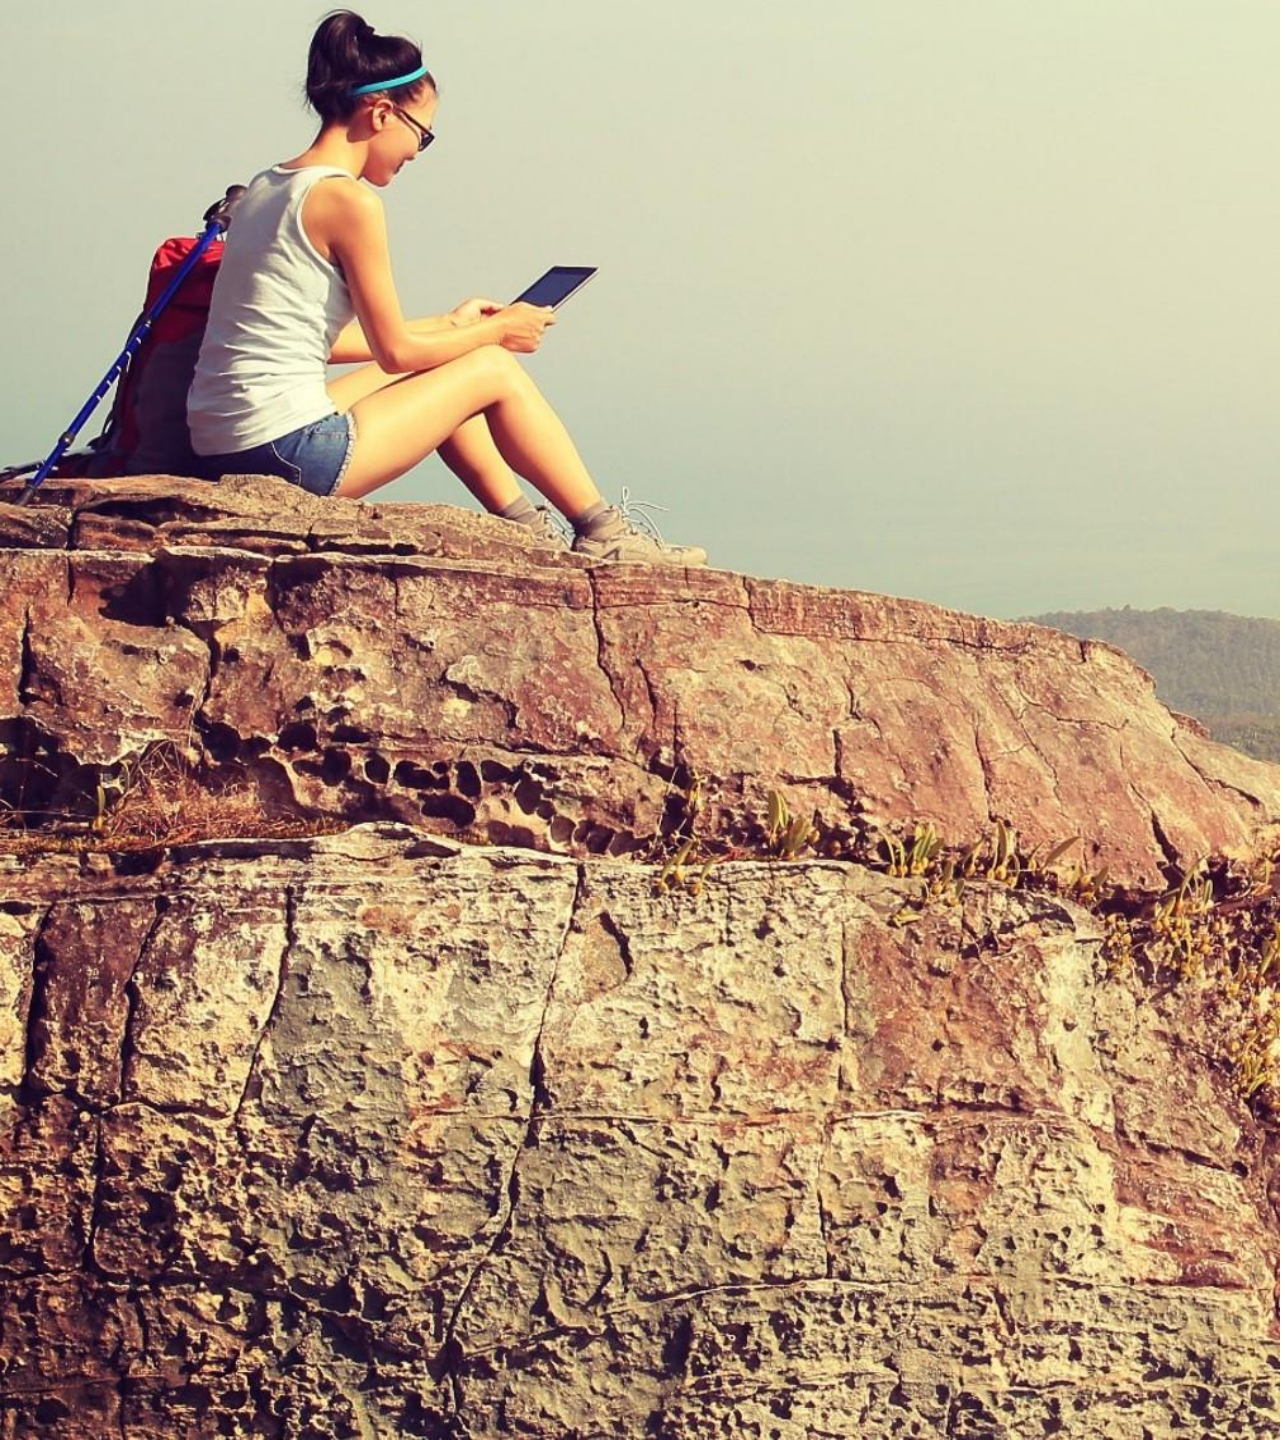
So unable to buy laptop at that time. Then I knew about Anant prayas from my friend and applied for it.

1

My whole preparation of Gate through either reading material (not bought any textbook only pdf) or taking tests everything. I got good marks, I could go to IIT Guwahati, but I need money so I decided to join company.

I also did Nx CAD Course. I practiced daily through my laptop. I want to thank again to anant prayas. One of my practice is shown in pic.





2

How you managed to get the financing

How did you apply

I applied through facebook post. When I got that My application has approved, I became full of joy and excitement. I told to my mother about application approval then she thanked with happiness to Anant Prayas and told me there is a wish there is a way.

3
I am here with my laptop

4

I will also contribute and take part in noble work for my college.

ENGAGE

My only message to college Alumni is that your juniors are neither less in knowledge nor care of hard work. They can dream and can achieve too and it will be easy when support of alumni.

approval for a course is valid for a few years and it was valid for the same course till 2018-19. We didn't reapply for appro-

6th semester exams earlier this week after widespread protests by students across the state, including Ranchi.

BIT Sindri students to get 2K laptops by 2024

TIMES NEWS NETWORK

Ranchi: Six students received state-of-the-art laptops on Saturday in the sixth round of Anant Prayas, a concept introduced by BIT Sindri Alumni Association (BITSAA) to help poor students of the institute. Rajya Sabha MP Mahesh Poddar gave away the laptops to the students at a funciton on Saturday. BITSAA, a body with 30,000 members across 39 countries.

Talking to **TOI**, R K Choudhary, CEO, Anant Prayas Trust said, "The idea of giving laptops to needy students at BIT Sindri came from our alumnus Alok Anant. We began with one laptop in the first-round in 2016 and today, we are at sixth round of

target of distributing 2,000 laptops to poor and needy students in the college by 2024."

"The model is very sustainable. All students who receive laptops during their course of study, start repaying the amount back to the trust in installments once they get placement. The amount will be used to buy laptops for the new batch of students. This year, 58 students applied for the same and six were selected," Choudhary added.

Akash Kumar Burnwal, the first recipient of a laptop under the programme said, "Coming from an economically poor background, buying a laptop was always a dream which was fulfilled in 2016 and because of it, I not only excelled in academics

BECAUSE SOMEONE CARED
WE WIN EVERYDAY
